Instructions for Submission of Manuscripts

Preliminary inquiries, special issue proposals, and manuscripts not exceeding 30 double-spaced pages should be submitted via email to: Ali Kutan, akutan@siue.edu. The submission of hard copies of papers is not accepted. Submission implies that a paper has not been previously published and that the author neither has nor will submit the paper elsewhere while it is under consideration. The cover page should provide full affiliation, the mail and e-mail addresses, and telephone number(s) of the corresponding author. The title page should include the paper title and the names and affiliations of all authors.

A submission fee of US\$50 includes a one-year membership in the Society for the Study of Emerging Markets, along with subscription access to the journal and waives fees for additional submissions for the year. Checks must be drawn in U.S. dollars in U.S. banks and made payable to the Society for the Study of Emerging Markets. The society also accepts payment by VISA, MasterCard, or American Express with provision of complete credit card information.

Accepted Papers: Consent Form and Style Instructions

Authors must complete and sign the form "Consent to Publish/Transfer of English-language Rights," and provide it to the Editor with the final copy of his/her paper. The software and formats used for the text and graphics files should be identified.

All tables and charts or other art should be submitted in separate files from the main text of the manuscript and the diskettes must indicate the program used to create them. DO NOT embed them in the main text of the manuscript.

DO NOT use the automatic footnoting feature in your word processor. Notes should be indicated by a superscript number in the text, and the note text should be placed as regular running text at the end of the manuscript or in a separate file.

References

The reference list should be provided at the end of the paper. The references should be arranged alphabetically according to the name of the first author or editor. References should be provided as follows.

References to Items in Periodicals

These should take the form: author(s), title, journal (italicized or underlined), volume and issue numbers, date, inclusive pages. For all authors, last names are given first; likewise for editors, with the names followed by "ed." The name of the last author ends with a period. More than two authors are separated by semicolons. The date is given in parentheses. Example:

Notes

References to Books

Author(s) are specified in the same style as for periodicals. In the title, all principal words are capitalized and the title is italicized or underlined. The title ends with a period and is followed by city, ":", publisher, year. Example:

Figures and Tables

Figures should be submitted as original drawings, complete, and ready for photoreproduction. Tables submitted as cleanly printed copy may also be reproduced photographically. All lettering and figure elements should be large enough to be readable when the figure has been reduced to fit the journal page. All figures and tables must be specifically referred to in the text. All figures and tables should have brief, descriptive captions. If figures are provided on diskette, they should be in their original software (e.g., Excel, JPEG, TIFF, EPS), rather than pasted into a word-processing document. All figures must be submitted in camera-ready condition, preferably in black and white. We do not have the staff to produce or otherwise repair figures.

Proofs and Reprints

Authors will receive page proofs of their papers, which should be returned to the publisher within five working days. Each author will receive a free copy of the issue in which his or her paper appears. Additional copies of the journal and/or reprints may be ordered at the time the proofs are returned.
